# ROOTED IN VALUES READY FOR THE FUTURE

Sophia High School, Bangalore, is a Catholic Institution founded in 1949 by Mother Andersson of the Religious of the Sacred Heart, The school is placed under the patronage of Mary, Mother of Jesus.

**The Motto of the school is "Truth and Universal Love"**

The Sisters of Notre Dame took over the school in 1972. The Sisters trace their history and tradition to St. Julie Billiart, who founded the institute of the Sisters of Notre Dame in France for the education of girls, and whose aim in life was to spread the goodness of God to all around her.

We offer a holistic learning experience where academic excellence, creativity, well-being, and character development blend to prepare students for a dynamic future. Aligned with the National Education Policy (NEP) and the latest National Curriculum Framework (NCF), our programs encourage curiosity, critical thinking, and real-world skills through flexible subject choices, interdisciplinary learning, and experiential opportunities.

*Admission is open to girls who have been awarded pass certificate in ICSE and CBSE. The provisional admission given to students of schools other than Sophia will not be confirmed until the Transfer Certificate from the school last attended is produced.*

Evaluation of performance of students in Class XI Examination is done internally by the school and that of Class XII by the Council for the Indian School Certificate Examination.
